

# Fundamentals of Financial Derivatives (Second Edition)

By N.R. Parasuraman

Wiley India Pvt. Ltd., 2009. Softcover. Book Condition: New. 2nd edition. This book has been primarily intended for the newcomer to the world of Derivatives. The aim is to provide a different approach to the learning of the complex instruments because many students and practitioners find Financial Derivatives too complex to understand in the beginning. The book deals with the basic techniques of risk management and derivatives. Encouraged by the overwhelming success of the first edition, the second edition has been brought out. The book figured in the top 10 management bestsellers of Business World (August 8, 2009). In response to the request by students, more practical examples have been included in the 2nd edition. Also, a chapter on the widely popular concept of Real Options has been included as also sections on Portfolio Insurance and FEX Derivatives. To help the students to understand the concepts better, a question bank containing frequently asked questions on derivatives and suggested answers thereto has been included. Highlights of the Second Edition The text has been written in a simple style with solved examples. Complex mathematical derivations have been kept out, without hampering the learning process. The other key features of the book are:...
