Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Pro Patria: Sermons on Special Occasions in England and America My friends in America and my publisher must, I think, share between them the responsibility for the publication of this book. The offer of the latter to publish a selection of my sermons, preached on special occasions, either in England or in America, during the last year or two, synchronised with a kindly expressed wish on the part of the former for some such volume. It would have seemed to me, therefore, an affectation of diffidence if I had refused their request, especially as the sermons most readily available for such a volume had, with one exception, already appeared in print, in pamphlet form or other shape. I hope that I need not apologise to the authorities of the Peace Society for placing the sermon which gives its title to the volume in juxtaposition with one on International Peace, preached last year in the Chapel of the English and American Embassy at the Hague, in connection with the Peace Congress, and afterwards published under their auspices. A careful reader will find that there is no compromise of principle in either sermon. The address at the end of the book on The Creed of Christian Socialism was preached before the University of Harvard, in Appleton Chapel, Cambridge, Mass., on the first Sunday of the present year.
