Brand New Book ***** Print on Demand *****.On August 3, 1492, at the dawn of the age of exploration, Christopher Columbus sailed out of Palos de la Frontera in southern Spain and into history. To answer this, we have chosen to look at him through the eyes of the women in his life. Susanna, Mother of Columbus is the first in a collection of works that explores the world of Christopher Columbus before his fateful voyage. Since there is little record of the details of her life we have identified key points that are known and imagined a story that is...
