Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Who was Jesus of Nazareth? This question has launched a perpetual stream of theories and books. The Hidden Realm of God: the Historical Jesus and His Healing Philosophy provides a fresh perspective on the question by building upon a century of scholarly work and systematically exploring sayings chosen by a group of modern scholars as most probably originating with the historical Jesus. The Hidden Realm of God is the first book to systematically link the sayings of the historical Jesus to 1st century Western philosophy, Eastern philosophy, and 21st century health science. The author synthesizes scientific, historical, and biblical research to make a case that the historical Jesus was a philosopher-healer. The Hidden Realm of God is more than an academic quest for the historical Jesus; it shows how his philosophy is still relevant for human life and health. The Hidden Realm of God shows how sayings of Jesus are related to findings in health research, modern hypnosis techniques, and ancient meditation methods of both Western and Eastern traditions. The author describes his own original experimental research into the effects of contemplating Jesus words, indicating that listening to Jesus sayings can induce meditative states and reduce anxiety. The book also provides the readers with helpful suggestions for applying Jesus philosophy for health and well-being. Topics discussed in the book include: the academic quest for the historical Jesus - the life of Jesus - God, Faith Healing - Optimism Health - Love Healing - Forgiveness - Jesus on the Laws of Moses - Meditation, Prayer Healing - Self-knowledge Transformation - Human potential - Jesus as a philosopher - Jesus as a humorist.
