Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

Audible Studios on Brilliance, United States, 2016. CD-Audio. Book Condition: New. Unabridged. 171 x 133 mm. Language: English . Brand New. Many introductory Corporate Finance textbooks tout their engaging, real-world examples, but they often fail to hold students interest. A Novel Introduction to Corporate Finance offers a unique, innovative, and refreshing contrast. Structured as a work of literary fiction, the book successfully uses a compelling narrative to tell the story of corporate finance. Students read about struggling finance major Derek Foster, and his relationship with Eric Bensen, the CEO of Caspian Sea Drinks. Eric becomes a mentor to Derek. The two meet weekly as Eric shares the story of how Caspian Sea Drinks grew from a humble lemonade stand to a publicly traded company. Their conversations provide an engaging context in which the fundamental concepts and principles of Corporate Finance are presented, both to Derek and to the student reader. Plot twists provide opportunities for additional examination and discussion of ethics in the corporate world. A Novel Introduction to Corporate Finance successfully employs fiction to provide students with a realistic, coherent view of what a corporation is, how it comes to be, and why finance plays an important role in corporate development and growth.
