Saunders, 2008. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Completely updated, the 3rd edition of this practical, highly portable manual offers quick access to the most relevant health and wellness information for children -- from birth through age 21 - in the school setting. You'll find valuable guidance on developmental stages, learning domains, acute and chronic illnesses, first aid, medical syndromes, special education, and emergency illness. This edition also addresses the growing array of issues affecting today's children, including mental health disorders, disaster management, substance abuse, and school violence, as well as new threats such as West Nile virus, dermatological conditions, and the reemergence of tuberculosis. Ideal for use in school and community settings, this manual is a must-have resource for anyone who works with children. A best practice approach to health issues and concerns helps you provide the best possible care to students. A clear, consistent outline format and straightforward writing style make it easy to locate and apply essential information. Updated content includes important contemporary issues in schools, such as body piercing, backpack syndrome, and computer ergonomics. Brain Findings section offers relevant information about recent brain and neurology research, with insights...
