STUPENDOUS COLORS IN CHINESE: JIAO BAO BAO SHI YANSE

Createspace, United States, 2013. Paperback. Book Condition: New. Large Print. 254 x 178 mm. Language: English . Brand New Book ***** Print on Demand *****.Do children need to be developmentally ready to know colors in Chinese? We, of the STUPENDOUS COLORS method, wonder about this, for this method taught three colors to a baby who was just five months old, and babies and toddlers pick up all kinds of languages quickly. This book is designed to teach 15 colors to toddlers in five days- including chartreuse and gold, which are not easy to learn. JIAO BAO BAO SHI YANSE is the Chinese version of STUPENDOUS COLORS that was originally created in English. It is devised to teach the same colors as in STUPENDOUS COLORS to any toddler in Chinese, whether or not they are Chinese speaking -while it also introduces Chinese words to them in both simplified characters and pinyin. This method of teaching colors has been tested on 300 preschoolers, who absolutely loved it and showed great enthusiasm for it. Since STUPENDOUS COLORS has been a favorite among many toddlers, who amazed people by how many colors they knew, JIAO BAO BAO SHI YANSE- its Chinese version- may do the same with your children, who may even pick up Chinese words, besides the names of colors.
