Reviews

*This is the finest book i have got go through right up until now. I have got read and i also am confident that i am going to planning to read once again yet again in the future. You will not truly feel monotony at at any time of the time (that's what catalogs are for about if you check with me).

Ingenix, Incorporated, United States, 2010. Paperback. Book Condition: New. 267 x 206 mm. Language: English . Brand New Book. Preparation is necessary when it comes to the transition to ICD-10. The higher degree of specificity in the ICD-10-CM code set is going to require more documentation and more coding precision. Focus your ICD-10 training without learning the entire code set. By mapping the most frequently used ICD-9-CM codes to their corresponding ICD-10-CM codes; you can identify areas needing increased documentation. This book was created to simplify the transition and get you ready for future documentation and coding needs.
