*A very awesome book with perfect and lucid reasons. It really is basic but shocks within the 50 percent of the book. Its been designed in an exceptionally easy way and is particularly merely right after i finished reading this ebook where in fact changed me, change the way i think.

Createspace, United States, 2010. Paperback. Book Condition: New. 198 x 129 mm. Language: English . Brand New Book ***** Print on Demand *****. My name is Ben Walters. I was an only child. I was born with a deformed foot that curled in at the ankle. My father left my mother shortly after I was born. I suppose he was disgusted with the ugly child with a clubfoot. My mother and I lived in a two-bedroom apartment above a small drug store. Mom worked in the pharmacy as a clerk, and I was left with the old lady that lived in the apartment next door while she worked. As I was growing up, I didn't have any real friends. Besides the clubfoot, I was good at my studies, and that made me a pariah with the other kids. I couldn't play sports, didn't care for them anyway, and I was more happy reading or studying. It was a lonely childhood, I guess, my mother was my only real friend, and she was generally too tired after working all day to spend much time talking with me. That's when the trouble started. I got an imaginary friend. Then things get weird. Theo, the imaginary friend comes back to visit Ben in college. Problem is, he is now a real person. Another problem is, Theo is still an imaginary identity. Ben and his friend, Theo, have to get him a real identity and fabricate a past. Theo, understandably, is a little lost and confused. Ben is confused and lost. As Theo's life gets real, Ben's life gets interesting.
