Avalon Travel Publishing, United States, 1997. Paperback. Book Condition: New. 226 x 163 mm. Language: English . Brand New Book. An Unforgettable Journey into the Dark Heart of the Information Age In Escape Velocity Mark Dery takes is on an electrifying tour of the high-tech subcultures that both celebrate and critique our wired world: would-be cyborgs who believe the body is obsolete and dream of downloading their minds into computers, cyber-hippies who boost their brainpower with smart drugs and mind machines, on-line swingers seeking cybersex on electronic bulletin boards, techno-primitives who sport biomechanical tattoos of computer circuitry; and cyberpunk roboticists whose Mad Max contraptions duel to the death before howling crowds. Timely, trenchant, and provocative, Escape Velocity is the first truly critical inquiry into cyberculture-essential reading for everyone interested in computer culture and the shape of things to come.
